Summary

Aspiring IT student at LJ University with a solid foundation in software development, data structures, and database management. Passionate about building impactful projects and exploring new technologies. Combines technical skills with creativity, and thrives in collaborative, fast-paced environments.

Education

- **LJ UNIVERSITY (2023-2027)**

  Bachelor of Engineering in Information Technology

- **SAHAJANAND VIDHYALAY(2021-2023)**

  10th percentile : 98.89%
  12th percentile : 89%

Projects

- **Digital Web Agency – Frontend-Based Project**
  - Developed a visually rich and interactive Digital Web Agency website using HTML, CSS, JavaScript, Locomotive.js, GSAP, and Typed.js. The project emphasized fluid scrolling, engaging animations, and an intuitive user interface to enhance overall user experience.

- **Two Good Foundation – Frontend-Based Project**
  - Created a clean, user-friendly clone of The Two Good Co. website, showcasing their "buy one, give one" mission. The project includes seamless navigation for shopping meals and products, integrated donation options, and sections highlighting impact stories to reinforce their social cause.

- **PrepWise – AI Mock Interview Platform (Full Stack)**
  - PrepWise is a full-stack project that lets users practice mock interviews with AI voice agents. Built with Next.js, Firebase, Tailwind CSS, and Vapi AI, it generates custom questions, conducts real-time interviews, and provides AI-based feedback with performance scores. Ideal for improving interview skills.

Technical Skills

- Soft Skills: Project Management, Public Relations, Teamwork, Leadership, Effective Communication
- Programming Languages: Java, Python, Data Structures (DS)
- Databases: SQL, PostgreSQL, MongoDB, Firebase, SQLite3
- Web Technologies: HTML, CSS, JavaScript, MERN Stack
- Frameworks & Libraries: React.js, Django, Bootstrap, Tailwind CSS, GSAP

Certificates

- Exploratory Data Analysis for Machine Learning (from IBM)
- TCS iON Career Edge – Young Professional course
- Introduction to HTML, CSS and Javascript
- Inheritance and Data Structures in Java
- Introduction to Java
